

TAZEWELL COUNTY

FY 2011

FINAL APPROPRIATION

DECEMBER 1, 2010~NOVEMBER 30, 2011

Tazewell County Board

David Zimmerman, Chairman of the Board
David A. Jones, County Administrator

December 1, 2010

The Honorable David Zimmerman, Chairman, and Tazewell County Board
Tazewell County
11 S. Fourth St., Suite 432
Pekin, IL 61554

Chairman Zimmerman and members of the Board:

Contained herein is the Fiscal Year 2011 budget for Tazewell County as approved by the County Board. This document is the countywide spending plan for Fiscal Year 2011. It serves as the primary planning tool for the operation and management of Tazewell County. Approving a budget is one of the most important decisions you make as an elected official.

This budget includes the revenues and expenditures to maintain current levels of service provided to Tazewell County citizens. It includes significant investment in infrastructure yet at this time requires no new debt; it leverages outside sources of revenue for maximum return on local investment; and it maintains the long history of conservative spending by Tazewell County. It assumes a modest economic recovery locally in some cases, and an end to the decline in others. It recognizes that concerns about employment and housing specifically remain even as there are signs of local economic recovery.

As has been discussed in Finance Committee meetings for months, the biggest unknown, and, in my opinion, by far the biggest threat to Tazewell County's fiscal health, is the State of Illinois' financial crisis, which by all public accounts has now reached unfathomable levels. Tazewell County is a subdivision of the State. We are intrinsically linked and affected by their decisions. The State cannot excel without prosperous units of local government. It is important that the County continue to engage in meaningful dialogue to ensure that State leaders fully understand local issues and the importance of intergovernmental revenues. The core services provided by the County, in some instances inherent State responsibilities, are reliant on the continuation of these intergovernmental revenues.

The Fiscal Year 2011 budget process has been made easier by two things. First, budget parameters approved by the Board have resulted in virtually no requests for additional funding, new services or special programs. Second, mid-year budget reductions, as difficult a decision as they were, trimmed the budget sufficiently enough to pave the way to fund the priorities for next year. This followed a year where departments responded

swiftly to the economic slowdown, delaying filling authorized positions, deferring capital projects and other initiatives to reduce operating costs.

Tazewell County is in better condition than many of its local government counterparts throughout the region and country, but the economic downturn has certainly been felt, financially speaking, over the past 18 months. During Fiscal Year 2009, the County lost 7 cents of every revenue dollar it received during Fiscal Year 2008, a loss of more than \$1.5 million. The last year and a half has brought about the “perfect storm” of economic turmoil, with a slower housing market, much higher unemployment, layoffs and some business failures and reduced access to capital. While these are all variables to watch closely, years of conservative fiscal policies and practices and sound overall and department management have afforded the County the opportunity to, with the exception of the mid-year budget cuts and some specific reductions in the Health Department, to take mostly a non-structural approach to addressing its revenue shortfalls. That said, if the economic recovery stalls, or should there be a “double-dip” recession, the County is in a position that further cuts must be structural. While the County can survive strategically utilizing reserves in Fiscal Year 2009, FY 2010, and possibly FY 2011, revenues and expenditures, in each fund, must be structurally balanced over the long term.

Management continued a conservative approach of estimating revenue for Fiscal Year 2011. Due to conservative estimates, department heads generally managing their budgets wisely, and management and the Board keeping mid-year, non-budgeted purchases to an absolute minimum, the General Fund balance grew for several years prior to Fiscal Year 2009. That is the good news. The bad news is that the economic downturn, and the associated reduction in consumption-based revenues, required the use of fund balance in Fiscal Year 2009. While relatively small, identified uses of fund balance in economic downturns when reserves are sufficient are acceptable, management will continue to monitor this closely as a stall in the recovery would almost unquestionably require budget cost reductions, and changes in staffing levels. It is important to note that most County services are carried out with fewer employees, on a per-capita basis, than comparable counties, so any staffing reductions would hit Tazewell County particularly hard.

Use of Fund Balance

Shown for the Fiscal Year 2011 budget is a projected use of fund balance exceeding \$2 million, inclusive of an \$820,000-plus contingency line item for unexpected expenditures. Revenues exceeding projections and continued diligence by management and the Board in controlling costs could cover a major portion of this shortfall, but in the current economic climate, that is not guaranteed. With the exception of uncertainty at the State level, I certainly feel more confident today looking ahead than I did one year ago. Many economists are projecting economic recovery, though a slow, methodical recovery seems more likely than a rapid return to pre-recession consumer spending levels. The largest missing ingredient, in my opinion, in the recovery so far is jobs. Without more good-paying jobs, the economy can simply not rebound fully. Maintaining an adequate fund balance is absolutely critical, particularly in funds with revenue prone to fluctuation

or in funds that depend on property taxes as a primary or major source of revenue. Using conservative estimates to project revenue in the future, while simultaneously projecting expenditures as realistically as possible, will help ensure that Tazewell County maintains adequate fund balances and weather the storm in subsequent downturns, meet its ongoing liquidity obligations, provide interest income to individual funds, and have the financial resources to handle a protracted economic crisis or major emergency. During Fiscal Year 2010, Tazewell County refinanced general obligation bonds used to construct the jail facility. Along with our balanced financial operations, the fund balances, particularly the General Fund balance, played a role in a two-category upgrade, to AA from A+, by Standard & Poor's, which saved the County on interest and will pay dividends on the County's next bond issuance, when needed.

Tazewell County will meet and exceed its budgeted target for sales tax revenue, including Public Safety Sales Tax, in Fiscal Year 2010, and I have assumed 2% growth in this revenue source. Other revenues, including intergovernmental revenues decimated by the downturn, have very recently begun to rebound. This is excellent news, but more time is needed to ensure the economic rebound won't stall.

While the Tri-County region is holding its own despite a national housing slump, with homes, on average, selling near the market values based on their assessed values, a slowdown in new construction has certainly impacted our economy. New construction, not only in the unincorporated area but also in the municipalities, is important because its assessed value can be captured under the Property Tax Extension Limitation Law (PTELL), it provides construction and other jobs which provide stability to the local economy, injects consumption-based revenues into the economy, and construction in the unincorporated area also provides a modest amount of permit fee revenue.

Impact of Rail Splitter Project

While Tazewell County has experienced a slowdown in new construction, the economy—along with the General Fund budget—has been positively impacted by the development of Rail Splitter Wind Farm in south Tazewell County. Approximately \$5 million in new property, or about 11% of all countywide new property for 2010 payable 2011, is attributable to the Rail Splitter project. Fiscal Year 2011 is the first year where the full value of the project is on the books for property tax purposes, generating more than \$500,000 in property tax revenue to the community, of which nearly 70% is new property (and value). Tazewell County will receive approximately \$31,000 in property tax revenue in FY 11 from Rail Splitter, nearly 70% of which is new revenue and follows an injection of one-time revenues of more than \$550,000 spread over three fiscal years. Rail Splitter is projected to generate more than \$4.2 million local property tax revenues communitywide, including \$287,000 for the County, over the next 10 years.

Because Tazewell County relies significantly on consumer spending, as do many units of local government, bigger-picture trends must be monitored in order to ensure a sustainable, fiscally sound County government. All things considered, Tazewell County is fiscally healthy and its economic future looks reasonably solid. However,

improvements in the national, regional and local economies, specifically employment, consumer confidence and the associated consumer spending patterns, are critical in the County's short-term financial performance. Ongoing stabilization, and ultimately improvement, in the housing market is also important.

Major Budget Assumptions

Management used a number of assumptions in preparing the fiscal year 2011 budget. The assumptions are important in estimating both revenues and expenditures. The major assumptions include:

- Tazewell County will capture the inflationary growth and growth attributable to new property, inclusive of expiring enterprise zone abatements, allowed under the Property Tax Extension Limitation Law (PTELL). This will generate a maximum of \$525,960 in additional revenue across all levied funds—a \$486,392 increase from last year's requested levy—though the final number will very likely be less due to the fact that the budget is prepared using estimated equalized assessed value figures. The property tax rate, based on preliminary equalized assessed value estimates and recommended levy levels, is projected to increase from 44.587 cents per \$100 of assessed value to approximately 45.748 cents per \$100 of assessed value. It is important to note that the final levy and associated tax rate to fund the levy will not be precisely known until taxes are extended in Spring 2011. **If you want to live in an Illinois County with a lower property tax rate than Tazewell County, you have four choices: DuPage, Kane, Cook and Woodford. Four Illinois counties have lower tax rates and 97 have higher tax rates. The average of our peer counties is 82.867 cents per \$100, nearly double Tazewell County's 2009 rate of 44.587 cents per \$100 of assessed value.**
- Inflation will remain in the low range for the rest of 2010 and into early 2011.
- Suspending the Planning Manager position in Community Development for another year, an authorized and previously funded position, until the economy improves. No funding is included in the FY 2011 budget for this position, which is vacant.
- Positions eliminated during the mid-year budget will remain eliminated unless further Board action reauthorizes them at a later date. There were 3.5 FTEs eliminated from the General Fund during the mid-year budget cuts.
- All positions paid fully or partially from fee funds in Fiscal Year 2010 will remain paid by fee funds in FY 2011.
- Transfer of the cost of 0.5 FTE from the General Fund to the County Clerk's Automation Fund.
- A 2% increase in State Income Tax revenue, compared to the projected FY 2010 total. The Income Tax has suffered significantly during the economic downturn; however, as the budget projections were calculated and finalized, the County's income tax revenues had increased year-over-year for four consecutive months. Even with this modest increase projected, the estimate for Income Tax revenue is

less than the actual received in Fiscal Year 2006, indicating that significant income growth is needed in order to restore this critical revenue source to FY 2008 levels, the historical peak.

- A 2% increase in general sales tax revenue compared to projected FY 2009 totals.
- A 2% increase in Public Safety Sales Tax revenue compared to the projected FY 2010 total. Public Safety Sales Tax funds the General Fund, the Social Security Fund, the IMRF (Pension) Fund, and the Debt Service Fund.
- Jail Rental Income will rebound slightly, about 6%, and will continue to be a major revenue source for the General Fund.
- Circuit Clerk and State's Attorney fees will increase due to an increase in the bail limits approved by the Illinois Supreme Court. The increases took effect September 15, 2010.
- Host Fee Income will be stable.
- Animal Control contracts to increase in accordance with the increase in the Consumer Price Index for All Urban Consumers (December 2008 to December 2009), which was 2.7%.
- A 3% increase in aggregate insurance premiums, with the increase split evenly between employees and the County. An additional \$3 monthly discount, for a total of \$8 per month, is available for non-tobacco users on the full Single Coverage Plan. Some of the changes mandated by federal healthcare legislation will begin in FY 2011. Stop-Loss coverage has not been finalized but cost increases from the current fiscal year are expected to be manageable and total reinsurance costs considerably less than Fiscal Year 2009.
- IMRF contributions increase from 11.89% to 12.93% of payroll, while SLEP contributions increase from 18.11% to 19.65% of payroll. Pension costs remain a long-term concern. The County is funding only the Phase-In Rate for its pensions, rather than the Actuarially Required Contribution (ARC). Though the ARC rates change annually, the County would need to contribute 13.73% of payroll and 21.16% of payroll, respectively, to fund the ARC in 2011 for IMRF and SLEP (see chart following this letter). It is recommended that the County fund the ARC as soon as financially feasible, perhaps as soon as Fiscal Year 2012.
- The County will include a 3.5% contingency line item in its General Fund and 5% of expenditures in all other funds where a contingency line item is utilized.
- The State reimbursement for State's Attorney, Public Defender and Chief County Assessment Officer salary will be significantly reduced.
- Overtime costs are reduced by a minimum of 15% year-over-year except where approved otherwise (e.g., Highway).
- Full-time nonunion employees and part-time employees with a classified position will receive a 2% salary increase as the pay plan has been amended to include this across-the-board adjustment. The budget also funds the merit compensation program for those who qualify.
- The budget does not include any new debt. It assumes continued debt service payments, on their original schedules, for the McKenzie Building renovation and Justice Center construction projects.
- The budget includes \$1.5 million in additional revenues and \$1.5 million in additional expenditures related to the Pekin Landfill project. This will allow

completion of a Mud-to-Parks initiative funded through the Illinois Department of Natural Resources, though final discussions are pending.

- Capital spending in the General Fund is reduced by 20%. Capital projects in other funds, including Transportation, have also been reduced and deferred. The Energy Efficiency and Conservation Block Grant (EECBG) will conclude in Fiscal Year 2011.

General Fund Overview

General Fund revenue is projected at \$22.57 million, an increase of 6.6% from the original Fiscal Year 2010 budgeted projection of \$21.18 million. General Fund expenditures are projected to increase nearly 9% to \$24.59 million, resulting in a projected use of General Fund balance of \$2 million. However, because of conservative revenue estimation and a contingency line item totaling \$820,359, it is extremely unlikely that the County would spend \$2 million of its fund balance. Some use of these reserve funds, however, is likely without a rebound in consumer spending and overall economic activity. The County's unreserved General Fund balance is projected at more than \$12 million at the conclusion of fiscal year 2010, not including restricted fund balance. This level of fund balance is healthy, yet not excessive given the difficulty of accurately projecting some revenue sources and the divergent number and elasticity of those revenue sources. If the State crisis has shown units of government one thing in recent months, it is that it is important to have financial reserves for liquidity purposes. In an uncertain economy, it is particularly important to maintain sufficient reserves. A healthy fund balance is critical for cash-flow purposes and to give the County resources to deal with economic downturns and emergencies. Particularly given the fact that Tazewell County has adopted PTELL, or the Property Tax Extension Limitation Law, which limits the County's ability to increase property taxes, it is important the County continues to maintain a healthy unreserved General Fund balance. It is also important to continually monitor the availability of other revenue sources to fund ongoing operations.

It is important to note that the past couple of budgets have been approved with union contracts that covered millions of dollars of payroll being negotiated. There are only two collective bargaining agreements currently under negotiation for Fiscal Year 2011, with a total of less than \$800,000 in payroll. Any changes in wage rates for those work groups are not reflected in the respective personnel line items.

All Funds Summary

Total revenue in all funds is projected at \$51.07 million, an increase of 0.2% from \$50.96 million budgeted in fiscal year 2010. Total expenditures across all funds is projected at \$56.02 million, up 1.6% from \$55.15 million budgeted in Fiscal Year 2010. Despite a projected all-funds deficit of \$4.95 million, Tazewell County has historically realized revenue beyond its projections while expenditures historically are less than projected, particularly in the capital projects and contractual services line items. That said, use of reserves will occur in some funds, most significantly, percentage-wise, in the County Highway Fund. Moreover, the projected deficit includes not only the General Fund

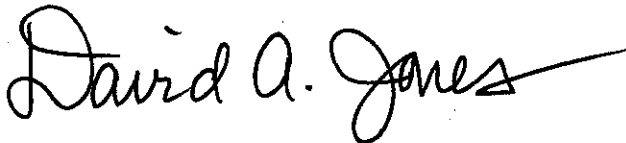

contingency, but also the Contingency amounts in all Special Revenue Funds as well. Also, the fact that fee funds not under the control of the Board are reflected in these figures should be recognized.

Not all decisions made in the past 18 months have been popular—particularly those that impact our employees or reduce departmental budgets—but they have proven and will continue to prove to be important decisions that afford the County the opportunity to maintain its reputation as a high-quality organization that provides a high level of service with one of the lowest property tax rates in the State.

I want to thank appointed and elected members of the management team and their staffs for their hard work while preparing this budget. I would also like to thank the standing committees, Chairman Neuhauser and the Finance Committee for their roles in helping shape this document and the full Board for working collectively to prioritize and focus on critical services during the most difficult economic period in recent history. I would also be remiss if I didn't acknowledge and personally thank Vicki Grashoff, County Auditor, whose attention to detail, institutional knowledge and budget skills were critical in the preparation of this document. The County Board staff does an excellent job putting the documents together, and the budget is an excellent exercise in teamwork.

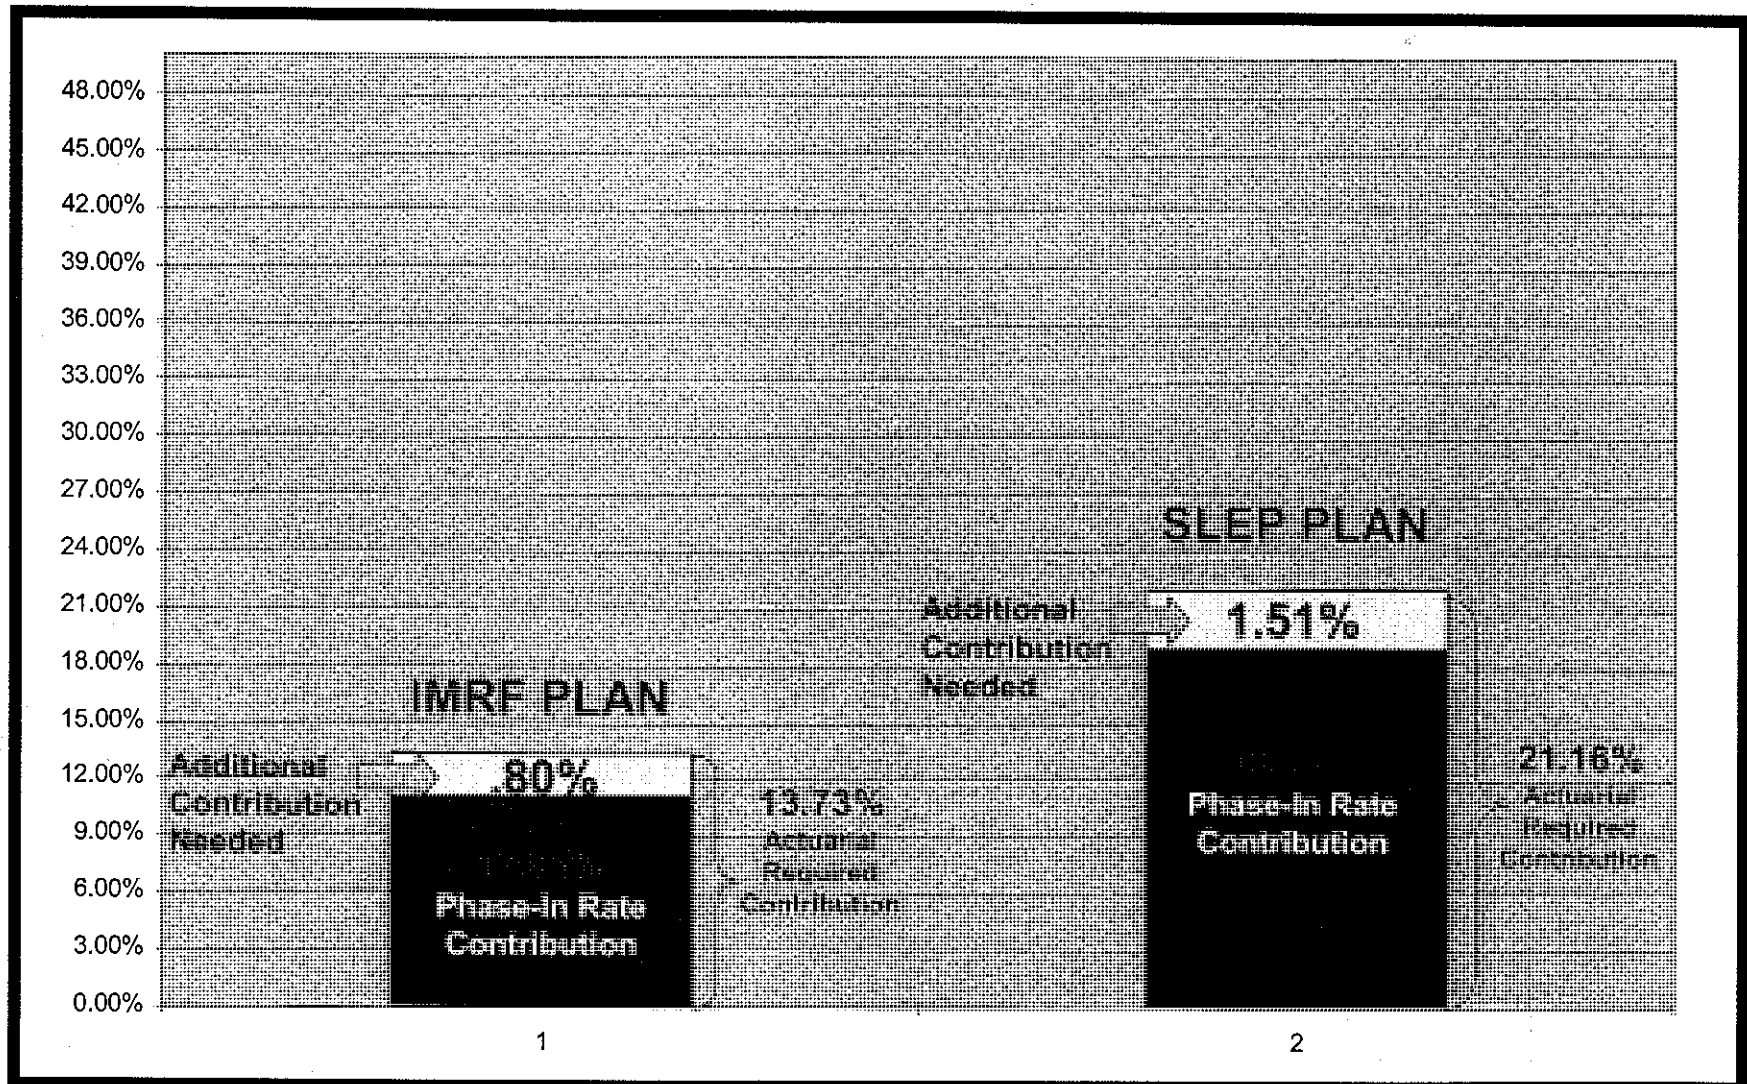

I am pleased to submit the Fiscal Year 2011 Budget for your review and consideration. Please contact me if you have any questions or would like to discuss the budget further.

Respectfully Submitted,

A handwritten signature in black ink that reads "David A. Jones". The signature is written in a cursive style with a long, sweeping horizontal line extending from the end of the name.
