ATTEST:

County Clerk

County Board Chairman

REMARKS: Enclosed is the Supplemental LPA Engineering Services Agreement for providing Phase II preliminary engineering for the embankment stability on Toboggan Ave (CH 14). If acceptable, please execute and forward to IDOT for approval.

To help explain this Supplement to the Board, I have added this explanation for the additional work:

After our meeting onsite with the soil nail wall company, GSI, we were under the impression that we could add a soil nail wall at the east slide area down to the stream with micropiles. After we received the revised cross sections from GSI, they were not doing anything to the scarp, but placing the soil nail wall above this area with a bench. We did not care for this concept. After a discussion with you and Paul, we looked at placing a riprap toe below the soil nail wall, but the slope was too steep to support riprap and we had to design a gabion wall instead. This required additional design and extensive revisions to the corridor model and changes to the plan sheets.

If you have any questions or comments, please don't hesitate to contact me at (309) 693-7615.

Thank-you.

Failure to maintain the books, records and supporting documents required by this section shall establish a presumption in favor of the DEPARTMENT for the recovery of any funds paid by the DEPARTMENT under the contract for which adequate books, records and supporting documentation are not available to support their purported disbursement.
2. That the ENGINEER shall be responsible for any all damages to property or persons out of an error, omission and/or negligent act in the prosecution of the ENGINEER's work and shall indemnify and save harmless the LPA, the DEPARTMENT, and their officers, agents and employees from all suits, claims, actions or damages liabilities, costs or damages of any nature whatsoever resulting there from. These indemnities shall not be limited by the listing of any insurance policy.
The LPA will notify the ENGINEER of any error or omission believed by the LPA to be caused by the negligence of the ENGINEER as soon as practicable after the discovery. The LPA reserves the right to take immediate action to remedy any error or omission if notification is not successful; if the ENGINEER fails to reply to a notification; or if the conditions created by the error or omission are in need of urgent correction to avoid accumulation of additional construction costs or damages to property and reasonable notice is not practicable.

4. In the event that the DEPARTMENT stops payment to the LPA, the LPA may suspend work on the project. If this agreement is suspended by the LPA for more than thirty (30) calendar days, consecutive or in aggregate, over the term of this AGREEMENT, the ENGINEER shall be compensated for all services performed and reimbursable expenses incurred prior to receipt of notice of suspension. In addition, upon the resumption of services the LPA shall compensate the ENGINEER, for expenses incurred as a result of the suspension and resumption of its services, and the ENGINEER's schedule and fees for the remainder of the project shall be equitably adjusted.
5. This AGREEMENT shall continue as an open contract and the obligations created herein shall remain in full force and effect until the completion of construction of any phase of professional services performed by others based upon the service provided herein. All obligations of the ENGINEER accepted under this AGREEMENT shall cease if construction or subsequent professional services are not commenced within 5 years after final payment by the LPA.
6. That the ENGINEER shall be responsible for any and all damages to property or persons arising out of an error, omission and/or negligent act in the prosecution of the ENGINEER's work and shall indemnify and have harmless the LPA, the DEPARTMENT, and their officers, employees from all suits, claims, actions or damages liabilities, costs or damages of any nature whatsoever resulting there from. These indemnities shall not be limited by the listing of any insurance policy.
7. The ENGINEER and LPA certify that their respective firm or agency:
 - (a) has not employed or retained for commission, percentage, brokerage, contingent fee or other considerations, any firm or person (other than a bona fide employee working solely for the LPA or the ENGINEER) to solicit or secure this AGREEMENT,
 - (b) has not agreed, as an express or implied condition for obtaining this AGREEMENT, to employ or retain the services of any firm or person in connection with carrying out the AGREEMENT or
 - (c) has not paid, or agreed to pay any firm, organization or person (other than a bona fide employee working solely for the LPA or the ENGINEER) any fee, contribution, donation or consideration of any kind for, or in connection with, procuring or carrying out the AGREEMENT.
 - (d) that neither the ENGINEER nor the LPA is/are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency,
 - (e) has not within a three-year period preceding the AGREEMENT been convicted of or had a civil judgment rendered against them for commission of fraud or criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property.
 - (f) are not presently indicated for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph and
 - (g) has not within a three-year period preceding this AGREEMENT had one or more public transaction (Federal, State, local) terminated for cause or default.

Where the ENGINEER or LPA is unable to certify to any of the above statements in this clarification, an explanation shall be attached to this AGREEMENT.

8. In the event of delays due to unforeseeable causes beyond the control of and without fault or negligence of the ENGINEER no claim for damages shall be made by either party. Termination of the AGREEMENT or adjustment of the fee for the remaining services may be requested by either party if the overall delay from the unforeseen causes prevents completion of the work within six months after the specified completion date. Examples of unforeseen causes included but are not limited to: acts of God or a public enemy; acts of the LPA, DEPARTMENT, or other approving party not resulting from the ENGINEER's unacceptable services; fire; strikes; and floods.

If delays occur due to any cause preventing compliance with the PROJECT SCHEDULE, the ENGINEER shall apply in writing to the LPA for an extension of time. If approved, the PROJECT SCHEDULE shall be revised accordingly.

9. This certification is required by the Drug Free Workplace Act (30 ILCS 580). The Drug Free Workplace Act requires that no grantee or contractor shall receive a grant or be considered for the purpose of being awarded a contract for the procurement of any property or service from the DEPARTMENT unless that grantee or contractor will provide a drug free workplace. False certification or violation of the certification may result in sanctions including, but not limited to suspension of contract or grant payments, termination of a contract or grant and debarment of the contracting or grant opportunities with the DEPARTMENT for at least one (1) year but not more than (5) years.

For the purpose of this certification, "grantee" or "Contractor" means a corporation, partnership or an entity with twenty-five (25) or more employees at the time of issuing the grant or a department, division or other unit thereof, directly responsible for the specific performance under contract or grant of \$5,000 or more from the DEPARTMENT, as defined the Act.

The contractor/grantee certifies and agrees that it will provide a drug free workplace by:

- (a) Publishing a statement:
 - (1) Notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance, including cannabis, is prohibited in the grantee's or contractor's workplace.
 - (2) Specifying actions that will be taken against employees for violations of such prohibition.
 - (3) Notifying the employee that, as a condition of employment on such contract or grant, the employee will:
 - (a) abide by the terms of the statement; and
 - (b) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than (5) days after such conviction.
- (b) Establishing a drug free awareness program to inform employees about:
 - (1) The dangers of drug abuse in the workplace;

- (2) The grantee's or contractor's policy to maintain a drug free workplace;
 - (3) Any available drug counseling, rehabilitation and employee assistance program; and
 - (4) The penalties that may be imposed upon an employee for drug violations.
- (c) Providing a copy of the statement required by subparagraph (a) to each employee engaged in the performance of the contract or grant and to post the statement in a prominent place in the workplace.
- (d) Notifying the contracting, or granting agency within ten (10) days after receiving notice under part (b) of paragraph (3) of subsection (a) above from an employee or otherwise, receiving actual notice of such conviction.
- (e) Imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program.
- (f) Assisting employees in selecting a course of action in the event drug counseling, treatment and rehabilitation is required and indicating that a trained referral team is in place.

Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free Workplace Act, the ENGINEER, LPA and the Department agree to meet the PROJECT SCHEDULE outlined in EXHIBIT B. Time is of the essence on this project and the ENGINEER's ability to meet the PROJECT SCHEDULE will be a factor in the LPA selecting the ENGINEER for future projects. The ENGINEER will submit progress reports with each invoice showing work that was completed during the last reporting period and work they expect to accomplish during the following period.

10. Due to the physical location of the project, certain work classifications may be subject to the Prevailing Wage Act (820 ILCS 130/0.01 et seq.).
11. For Preliminary Engineering Contracts:
- (a) That tracing, plans, specifications, estimates, maps and other documents prepared by the ENGINEER in accordance with this AGREEMENT shall be delivered to and become the property of the LPA and that basic survey notes, sketches, charts, CADD files, related electronic files, and other data prepared or obtained in accordance with this AGREEMENT shall be made available, upon request to the LPA or to the DEPARTMENT, without restriction or limitation as to their use. Any re-use of these documents without the ENGINEER involvement shall be at the LPA's sole risk and will not impose liability upon the ENGINEER.
 - (b) That all reports, plans, estimates and special provisions furnished by the ENGINEER shall conform to the current Standard Specifications for Road and Bridge Construction, Bureau of Local Roads and Streets Manual or any other applicable requirements of the DEPARTMENT, it being understood that all such furnished documents shall be approved by the LPA and the DEPARTMENT before final acceptance. During the performance of the engineering services herein provided for, the ENGINEER shall be responsible for any loss or damage to the documents herein enumerated while they are in the ENGINEER's possession and any such loss or damage shall be restored at the ENGINEER's expense.

Tazewell County Board Chairman

**AN ORDINANCE GRANTING A SPECIAL USE
UNDER THE PROVISIONS OF TITLE XV,
CHAPTER 157, ZONING CODE OF TAZEWELL COUNTY
ON PETITION OF HAWK-ATTOLLO, LLC**

(Zoning Board Case No. 24-25-S)

WHEREAS, a petition has been filed with the County Clerk of Tazewell County, Illinois, by Hawk-Attollo, LLC for a Special Use to allow the construction of a 3.5 Mega Watt Commercial Solar Farm (originally approved as a 5 Mega Watt project under Case No. 22-47-S on November 2, 2022) in an A-1 Agriculture Preservation District; and

WHEREAS, a public hearing on said application designated as Zoning Board Case No. 24-25-S was held by the Tazewell County Zoning Board of Appeals on July 2, 2024, following due publication of notice of said hearing in accordance with law, and the said Zoning Board of Appeals thereafter made a report to the County Board recommending approval with the following conditions

1. The fence style shall be chain-link with steel post, in accordance with the height requirements of § 156.06 (B)(1)(f).
2. The Facility Owner shall ensure that all vegetation growing within the perimeter of the Facility and all land outside of the perimeter fence identified in the agreement as a part of the lease is properly and appropriately maintained. Maintenance may include, but not be limited to, mowing, trimming, chemical control, or the use of livestock as agreed to by the Landowner.
3. Emergency and non-emergency contact information shall be kept up to date with the Community Development Department and be posted in a conspicuous manner at the main entrance to the facility and also visible from the public roadway.
4. Vegetative screening, such as a species of pine tree, shall be 3-5' at planting as proposed in the application and in any other location as determined desirable by the Community Development Administrator.
5. Cover crop, such as wheat or rye, shall be established prior to construction to prevent sediment and erosion control issues during the construction phase.
6. Decommissioning Plan compliant with the current standards of the Tazewell County Solar Energy Ordinance.

; and

WHEREAS, said report of the Zoning Board of Appeals contained the following findings of fact:

- 1. *The Special Use shall, in all other respects, conform to the applicable regulations of the Tazewell County Zoning Ordinance for the district in which it is located.*

(Positive) The construction of a solar farm is permitted special use within an A-1 Agricultural District. Therefore the proposed special use conforms to Tazewell County Code.

- 2. *The Special Use will be consistent with the purposes, goals, objectives, and standards of the officially adopted County Comprehensive Land Use Plan and these regulations, or of any officially adopted Comprehensive Plan of a municipality with a 1.5 mile planning jurisdiction.*

(POSITIVE) The area identified for special use is within the Malone Township. The proposed special use does not contradict any of the purposes, goals, objectives, or standards of the Tazewell County Comprehensive Plan. Therefore, this finding is judged to be positive.

- 3. *The petitioner has met the requirements of Article 25 of the Tazewell County Zoning Code.*

(POSITIVE) Per the application, the requirements of Article 25 of the Tazewell County Zoning Code have been met.

- 4. *The Site shall be so situated as to minimize adverse effects, including visual impacts on adjacent properties.*

(POSITIVE) To minimize any adverse effects or visual impacts the applicant will have the site fenced and provide a vegetative buffer for nearby residents.

- 5. *The establishment, maintenance or operation of the Special Use shall not be detrimental to or endanger the public health, safety, morals, comfort or general welfare of the neighboring vicinity.*

(POSITIVE) According to the site plan, the layout of the solar panels will exceed the 150 ft buffer from non-participating residents. The plan also includes a vegetative buffer with a 150 ft buffer from residents and a fence to enclose the entire project area.

- 6. *The Special Use shall not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted.*

(POSITIVE) The proposed special use will include safety features such as fence surrounding the project area to limit access onto the property and a vegetative buffer to mitigate any visual impacts to the nearby residents. Solar panels located near residents will have a setback that exceeds the required 150 ft buffer from non-participating residents.

7. *The Special Use shall not substantially diminish and impair property values within the neighborhood.*

(POSITIVE) There is no evidence that consistently guarantees that the development of a solar farm will diminish property values for there are studies that support and refute this claim. But efforts are being made to mitigate any impacts to property values such as following Tazewell County Zoning Code, putting a fence, exceeding the mandated setback from non-participating residents, utilizing vegetative screening.

8. *That adequate utilities, access roads, drainage and other necessary facilities have been or are being provided.*

(POSITIVE) Per the applicant all necessary utilities will be provided.

9. *Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion and hazard on the public streets.*

(POSITIVE) The traffic that will be generated from this project will only occur during the construction phase and annual maintenance.

10. *The evidence establishes that granting the use, which is located one-half mile or less from a livestock feeding operation, will not increase the population density around the livestock feeding operation to such levels as would hinder the operation or expansion of such operation.*

Not Applicable

11. *Evidence presented establishes that granting the use, which is located more than one-half mile from a livestock feeding operation, will not hinder the operation or expansion of such operation.*

Not Applicable

12. *Seventy-five percent (75%) of the site contains soils having a productivity index of less than*

125.

(Positive) The proposed site contains some soil that is prime for agriculture, but the solar farm will only use 25 acres of the property. The remaining 56 acres can still be used for agriculture and after the life of the solar project the land can be reverted for agriculture use, per the applicant's agricultural impact mitigation agreement (AIMA).

- 13. *The Special Use is consistent with the existing uses of property within the general area of the property in question.*

(POSITIVE) The surrounding properties are zoned A-1 which allows the construction of a commercial solar farm as a special use. Therefore, a commercial solar farm is consistent with the existing uses of the property.

PARTIES OF RECORD: Seth Uphoff, Attorney on behalf of Petitioner
Jason Hawksworth, Hawk-Attollo, LLC, Petitioner

B. JURISDICTION

NOTICE OF HEARING: A notice of the proposed Special Use thereon was published in the Tazewell Chronicle on May 29, 2024 and a copy of the publication was mailed to the petitioner within five working days after publication.

AGENCY COMMENTS: The Tazewell County Land Use Planner submitted a report recommending approval of the proposed Special Use request.

Tazewell County Health Department submitted a report regarding the proposed Special Use request stating portable toilets and portable handwashing stations must be provided during construction.

Tazewell County Soil & Water Conservation District submitted a report regarding the proposed Special Use request recommending denial.

Tazewell County Farm Bureau made no comment regarding the proposed Special Use request.

Dan Parr, Tazewell County Highway Engineer made no comment regarding the proposed Special Use request.

Eric Hoeft, Malone Township Road District made no comment regarding the proposed Special Use request.

C. FINDINGS OF FACTS

The Zoning Board of Appeals adopted the following findings of fact relating to the action proposed:

1. *The Special Use shall, in all other respects, conform to the applicable regulations of the Tazewell County Zoning Ordinance for the district in which it is located.*

(Positive) The construction of a solar farm is permitted special use within an A-1 Agricultural District. Therefore the proposed special use conforms to Tazewell County Code.

2. *The Special Use will be consistent with the purposes, goals, objectives, and standards of the officially adopted County Comprehensive Land Use Plan and these regulations, or of any officially adopted Comprehensive Plan of a municipality with a 1.5 mile planning jurisdiction.*

(POSITIVE) The area identified for special use is within the Malone Township. The proposed special use does not contradict any of the purposes, goals, objectives, or standards of the Tazewell County Comprehensive Plan. Therefore, this finding is judged to be positive.

3. *The petitioner has met the requirements of Article 25 of the Tazewell County Zoning Code.*

(POSITIVE) Per the application, the requirements of Article 25 of the Tazewell County Zoning Code have been met.

4. *The Site shall be so situated as to minimize adverse effects, including visual impacts on adjacent properties.*

(POSITIVE) To minimize any adverse effects or visual impacts the applicant will have the site fenced and provide a vegetative buffer for nearby residents.

5. *The establishment, maintenance or operation of the Special Use shall not be detrimental to or endanger the public health, safety, morals, comfort or general welfare of the neighboring vicinity.*

(POSITIVE) According to the site plan, the layout of the solar panels will exceed the 150 ft buffer from non-participating residents. The plan also includes a vegetative buffer with a 150 ft buffer from residents and a fence to enclose the entire project area.

6. *The Special Use shall not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted.*

(POSITIVE) The proposed special use will include safety features such as fence surrounding the project area to limit access onto the property and a vegetative buffer to mitigate any visual impacts to the nearby residents. Solar panels located near residents will have a setback that exceeds the required 150 ft buffer from non-participating residents.

7. *The Special Use shall not substantially diminish and impair property values within the neighborhood.*

(POSITIVE) There is no evidence that consistently guarantees that the development of a solar farm will diminish property values for there are studies that support and refute this claim. But efforts are being made to mitigate any impacts to property values such as following Tazewell County Zoning Code, putting a fence, exceeding the mandated setback

from non-participating residents, utilizing vegetative screening.

8. *That adequate utilities, access roads, drainage and other necessary facilities have been or are being provided.*

(POSITIVE) Per the applicant all necessary utilities will be provided.

9. *Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion and hazard on the public streets.*

(POSITIVE) The traffic that will be generated from this project will only occur during the construction phase and annual maintenance.

10. *The evidence establishes that granting the use, which is located one-half mile or less from a livestock feeding operation, will not increase the population density around the livestock feeding operation to such levels as would hinder the operation or expansion of such operation.*

Not Applicable

11. *Evidence presented establishes that granting the use, which is located more than one-half mile from a livestock feeding operation, will not hinder the operation or expansion of such operation.*

Not Applicable

12. *Seventy-five percent (75%) of the site contains soils having a productivity index of less than 125.*

(Positive) The proposed site contains some soil that is prime for agriculture, but the solar farm will only use 25 acres of the property. The remaining 56 acres can still be used for agriculture and after the life of the solar project the land can be reverted for agriculture use, per the applicant's agricultural impact mitigation agreement (AIMA).

13. *The Special Use is consistent with the existing uses of property within the general area of the property in question.*

(POSITIVE) The surrounding properties are zoned A-1 which allows the construction of a commercial solar farm as a special use. Therefore, a commercial solar farm is consistent with the existing uses of the property.

14. *The property is suitable for the Special Use as proposed.*

(Positive) The proposed site is zoned A-1 where building a commercial solar farm is a permitted special use. Therefore, the proposed property is suitable for the proposed special use.

D. DECISION

Having considered the information contained in the petition herein, and the testimony given and statements made at the public hearing on said proposal, the Zoning Board of Appeals hereby, based on the findings of fact set forth above, recommends approval of the proposed Special Use request with the following conditions:

1. The fence style shall be chain-link with steel post, in accordance with the height requirements of § 156.06 (B)(1)(f).

Maintenance may include, but not be limited to, mowing, trimming, chemical control, or the use of livestock as agreed to by the Landowner.
3. Emergency and non-emergency contact information shall be kept up to date with the Community Development Department and be posted in a conspicuous manner at the main entrance to the facility and also visible from the public roadway.
4. Vegetative screening, such as a species of pine tree, shall be 3-5' at planting as proposed in the application and in any other location as determined desirable by the Community Development Administrator.

An investigation is each separate incident requiring an investigation.

After assessing the time it takes to receive, review, approve an application, and send out the permit it takes approximately 45 min – 1.25 hour. This 1-hour time frame is the median and includes e-mails, calls, and additional recipes submitted for approval throughout the calendar year. Hard copies of registration are printed and mailed. This will require a \$30.00 registration fee (food program lead @ \$28.20 per hour + .64 shipping).

Per the act 1/1/2022:

A local health department may establish a self-certification program for cottage food operators to affirm compliance with applicable laws, rules, and regulation. Registration shall be completed annually and the local health department may impose a fee not to exceed \$50.

Proposed Cottage Food Registration & Renewal Fee June 2024

Food program manager hourly rate	Approximate time spent processing a new application or renewal application	Approximate time spent answering e-mails / phone calls from a single client throughout a calendar year	Approximate total time spent working with a single vendor in a calendar year	Cost of mailing physical permit and approval letter.	Proposed Fee
\$28.20	30 – 45 minutes	15 – 30 minutes	45 minutes – 1.25 hours	\$.64	\$30.00

Time to process cottage food application varies per application. The amount of time it takes to process an application depends on how many food products the vendor is producing as it takes time to review labels for prohibited food items.

After looking at the above table on the low end the fee cost would be \$21.79 and on the high end \$35.88. The median fee cost is \$28.84. The proposed fee is - \$30.00.

Per cottage food law the maximum the registration fee can be set is \$50.00

A proposed fee of \$30.00 will cover the cost of the food program manager's hourly rate and the cost of mailing out the physical permit and approval letter.

Enforcement provision (no change needed)

A – why are we issuing this? Illness (Reportable)?

B – What evidence do we have to issue this restriction or exclusion injunction.

Our ordinance does not allow for the timely notification when an infection is suspected for (G) 1-4 in our existing ordinance. We also enforce the Illinois Communicable Disease Code that requires reporting timelines for these issues and will dictate our notification of suspected illness.

Opioids Implementation Administrator

Tazewell County, IL
Reference Number: CL-791520

TO LOCAL POLITICAL SUBDIVISIONS:

THIS PACKAGE CONTAINS DOCUMENTATION TO PARTICIPATE IN THE NEW NATIONAL OPIOIDS SETTLEMENT. YOU MUST TAKE ACTION IN ORDER TO PARTICIPATE.

Deadline: August 12, 2024

A new proposed national opioids settlement (“*New National Opioids Settlement*”) has been reached with Kroger (“*Settling Defendant*”). This *Participation Package* is a follow-up communication to the *Notice of National Opioids Settlement* recently received electronically by your subdivision.

You are receiving this *Participation Package* because Illinois is participating in the Kroger settlement.

If a state does not participate in a particular Settlement, the subdivisions in that state are not eligible to participate in that Settlement.

This electronic envelope contains:

- The *Participation Form* for the Kroger settlement, including a release of any claims.
- The Illinois Opioid Allocation Agreement

The *Participation Form* must be executed, without alteration, and submitted on or before August 12, 2024, in order for your subdivision to be considered for initial participation calculations and payment eligibility.

Based upon subdivision participation forms received on or before August 12, 2024, the subdivision participation rate will be used to determine whether participation is sufficient for the settlement to move forward and whether a state earns its maximum potential payment under the settlement. If the settlement moves forward, your release will become effective. If a settlement does not move forward, that release will not become effective.

Any subdivision that does not participate cannot directly share in the settlement funds, even if the subdivision’s state is settling and other participating subdivisions are sharing in settlement funds. Any subdivision that does not participate may also reduce the amount of money for programs to remediate the opioid crisis in its state. Please note, a subdivision will not necessarily directly receive settlement funds by participating; decisions on how settlement funds will be allocated within a state are subject to intrastate agreements or state statutes.

You are encouraged to discuss the terms and benefits of the *New National Opioids Settlement* with your counsel, your Attorney General's Office, and other contacts within your state.

Monies coming to Illinois from the New National Opioids Settlement will be allocated in accordance with the Illinois Opioid Allocation Agreement, a copy of which is included with this packet for your reference. As stated above, even if your subdivision is listed in the Illinois Opioid Allocation Agreement as one eligible to receive a direct share of opioid settlement monies, you still must sign the Participation Form for this new settlement in order to receive a direct distribution. Additionally, please note that pursuant to Paragraphs 2.B and 2.C of the Illinois Opioid Allocation Agreement, when notified by the Illinois Attorney General that Illinois has reached a settlement with one or more Opioid Defendants, participating local governments shall release their claims against such Opioid Defendant(s).

Information and documents regarding the *New National Opioids Settlement* can be found on the national settlement website at <https://nationalopioidsettlement.com/>. This website will be supplemented as additional documents are created.

How to return signed forms:

There are three methods for returning the executed *Participation Form* and any supporting documentation to the Implementation Administrator:

- (1) *Electronic Signature via DocuSign*: Executing the *Participation Form* electronically through DocuSign will return the signed form to the Implementation Administrator and associate your form with your subdivision's records. Electronic signature is the most efficient method for returning the *Participation Form*, allowing for more timely participation and the potential to meet higher settlement payment thresholds, and is therefore strongly encouraged.
- (2) *Manual Signature returned via DocuSign*: DocuSign allows forms to be downloaded, signed manually, then uploaded to DocuSign and returned automatically to the Implementation Administrator. Please be sure to complete all fields. As with electronic signature, returning a manually signed *Participation Form* via DocuSign will associate your signed forms with your subdivision's records.
- (3) *Manual Signature returned via electronic mail*: If your subdivision is unable to return an executed *Participation Form* using DocuSign, the signed *Participation Form* may be returned via electronic mail to opioidsparticipation@rubris.com. Please include the name, state, and reference ID of your subdivision in the body of the email and use the subject line Settlement Participation Form - [Subdivision Name, Subdivision State] - [Reference ID].

Detailed instructions on how to sign and return the *Participation Form*, including changing the authorized signer, can be found at <https://nationalopioidsettlement.com>. You may also contact opioidparticipation@rubris.com.

The sign-on period for subdivisions ends on August 12, 2024.

If you have any questions about executing the *Participation Form*, please contact your counsel, the Implementation Administrator at opioidparticipation@rubris.com, or the Illinois Attorney General's Office at opioidsettlement@ilag.gov.

Thank you,

New National Opioids Settlement Implementation Administrator

The Implementation Administrator is retained to provide the settlement notice required by the New National Opioids Settlement and to manage the collection of the Participation Form.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the Kroger Settlement.

11. Nothing herein is intended to modify in any way the terms of the Kroger Settlement, to which Governmental Entity hereby agrees. To the extent this Participation and Release Form is interpreted differently from the Kroger Settlement in any respect, the Kroger Settlement controls.

2. **Litigation and Resolutions**

- A. The Attorney General has filed in the OPLG-Lawsuit a Notice to Exercise the Right to Prosecute Litigation Brought in the Name of the People of the State of Illinois and Motion to Stay. Any PLG that has brought a claim that purports to be on behalf of the People of the State of Illinois will agree to the entry of an Agreed Order or filed Stipulation: (i) staying their claims brought in the name of the State of Illinois pursuant to the Illinois Consumer Fraud and Deceptive Business Practices Act and the Illinois Uniform Deceptive Trade Practices Act and any other claims purported to be brought on behalf of the People of the State of Illinois; and, (ii) subject to the terms of Section 2(B) below, which provides that LPLGs may, in their discretion, continue to prosecute their remaining causes of action.

In such event, the LPLGs, including any LPLG's respective State's Attorneys, shall release all of their claims against such settling Opioid Defendant(s) in accordance with the terms of the settlement agreement negotiated by the Attorney General, provided that any recovery from such settling Opioid Defendant(s) shall be distributed by the Attorney General in accordance with the terms of Section 3 of this Agreement.

allocation from this portion of the LG Recovery Fund are obligated to use such distributions to support opioid remediation programs in their community through uses included in the list of Approved Abatement Programs attached as Exhibit B. Each LG receiving an allocation from this portion of the LG Recovery Fund shall track and quarterly report to the Attorney General all monies spent to support opioid remediation programs.

c. Fifty-Five Percent (55%) shall be distributed into the Illinois Remediation Fund. A Remediation Fund Advisory Board shall be appointed to provide nonbinding recommendations regarding the administration and distribution of the Illinois Remediation Fund. The Remediation Fund Advisory Board, when making recommendations, will seek to ensure an equitable allocation of resources to all parts of the state, taking into consideration population as well as other factors relevant to opioid abatement, including rates of Opioid Use Disorder, Overdose Deaths, and amounts of opioids shipped into each region as measured in Morphine Milligram Equivalents. Funds allocated pursuant to provisions which are substantially similar in any subsequent settlement shall not be subject to the allocations in this Agreement.

4. Miscellaneous

A. Each PLG agrees to take all necessary actions and to cooperate with each other to cause this Agreement to become effective, to obtain all necessary approvals, consents, and authorizations, if any, and to execute all documents, including any necessary sign-on forms

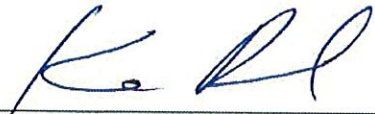

that may be required in connection with any National Multistate Opioid Settlement, and to take such other action as may be appropriate in connection herewith.

- B. This Agreement may be executed in counterparts, each of which shall constitute one and the same document. The Parties acknowledge that facsimile or electronically transmitted signatures shall be valid for all purposes.
- C. The State of Illinois shall not be responsible for any attorney's fees or expenses payable by an LG to LPLG-Counsel or any other legal counsel and payment of all attorney's fees and expenses to LPLG-Counsel or any other legal counsel shall be made in accordance with the provisions of Exhibit A (the Administration of the LG Recovery Fund) and Exhibit A-3 (the Back-Stop Agreement).
- D. This Agreement shall be enforceable only upon execution by the Attorney General.
- E. All expenditures made by the State or LGs from funds allocated under this Agreement must comply with the provisions of applicable Settlement Agreements.
- F. Other provisions of this Agreement notwithstanding, all funds received from *In Re: Purdue Pharma L.P., et al., 19-23649 (RDD)*, shall be used only for permissible abatement purposes.
- G. This Agreement shall be considered an "intrastate allocation agreement" as that term is used in 735 ILCS 5/13-226(b)(2) and (d).
- H. This Agreement shall be considered a "Statewide Abatement Agreement" for purposes of *In Re: Purdue Pharma, L.P., et al., 19-23649*, and a "State-Subdivision Agreement" for purposes of the Distributor and Janssen Settlement Agreements.
- I. Backstop Agreement
 - a. An LPLG, in accordance with paragraph D in Exhibit A relating to Administration of the LG Recovery Fund, may separately agree to use its share of the LG Recovery Fund to pay for fees or costs incurred by its contingency-fee counsel ("State Backstop Agreement") so long as such contingency fees do not exceed a total contingency fee of 25% of the total gross recovery of the PLG, inclusive of contingency fees from any Multistate Attorney Contingency Fee Fund and the State Backstop Agreement.
 - b. Before seeking fees or litigation costs and expenses from a State Backstop Agreement, private counsel representing a LPLG must first seek contingency fees and costs from any Attorney Contingency Fee Fund or Cost Funds created under a National Opioid Multistate Settlement. Further, private counsel may only seek reimbursement for litigation fees and costs that have not previously been reimbursed through prior settlements or judgments.
 - c. To effectuate a State Backstop Agreement pursuant to this section, an agreement in the form of Exhibit A-3 may be entered into by a LPLG, private counsel, and the Attorney General. The Attorney General shall, upon the request of a LPLG, execute any

agreement executed by a LPLG and its private counsel if it is in the form of Exhibit A-3. For the avoidance of doubt, this section does not require a LPLG to request or enter into a State Backstop Agreement, and no State Backstop Agreement shall impose any duty or obligation on the State of Illinois or any of its agencies or officers, including without limitation the Attorney General.

IN WITNESS WHEREOF, the Parties have executed this Agreement by their representatives as of the dates set forth below

EXHIBIT A TO ILLINOIS OPIOID ALLOCATION AGREEMENT
ADMINISTRATION OF THE LG RECOVERY FUND

Each Original-PLG who executed the Illinois Opioid Allocation Agreement and any Subsequent-PLG who executed the Joinder to the Illinois Opioid Allocation Agreement acknowledges and agrees that all sums deposited by the Attorney General into the LG Recovery Fund shall be administered as follows:

- A. A Special Master shall be nominated by the majority of PLG votes, with each County PLG with a population of ten thousand or more residents and each other PLG with a population of thirty thousand or more residents receiving one vote for each ten thousand residents within its jurisdictional borders based upon the 2019 United States Census Population Estimate. The Special Master shall be nominated within sixty (60) days of the initial funding of the LG Recovery Fund. The person so nominated shall not be appointed Special Master unless he or she receives the written approval of the Attorney General. If the Attorney General does not approve the nomination, then the process shall repeat and the PLGs shall nominate another person to be Special Master, until a nomination is approved by the Attorney General. Such subsequent nomination shall occur within 30 days of the Attorney General declining to give written approval of the initially nominated Special Master.
- B. All costs associated with the work of the Special Master shall be paid from funds in the LG Recovery Fund prior to any distribution to counties that are PLGs or their counsel.
- C. The Special Master shall direct the Settlement Administrator and administer the LG Recovery Fund to ensure that all distributions from the LG Recovery Fund to PLGs shall be made in accordance with the relative percentages set forth in Exhibit A-1 and Exhibit A-2, except that any distribution to any county who is a Non-Participating Local Governmental Unit (the "NP-LGs") shall be discounted by two-fifths (2/5) and such discounted amount shall be added to the pool of distributions payable to the Participating Local Governmental Units (the "PLGs") in accordance with the same percentages set forth in Exhibit A-2.
- D. For any National Opioid Multistate Settlement with an Opioid Defendant, each such LPLG authorizes and agrees that the Special Master shall direct the Settlement Administrator to pay their LPLG-Counsel from its individual distributions from the LG Recovery Fund in accordance with the fee agreements entered into between the LPLG and LPLG-Counsel.
- E. For any National Opioid Multistate Settlement for which the Attorney General requests PLGs release their claims, the Special Master shall have the discretion to assess common benefit attorneys' fees against distributions made to any county which is a PLG and which is not represented by LPLG-Counsel, provided any such common benefit attorneys' fees, if any, shall be assessed on no more than forty percent (40.0%) of the total distribution made to any county PLG not represented by LPLG-Counsel, and under no circumstances shall the common benefit fee assessed by the Special Master exceed 25%. The Special Master shall be given broad discretion to assess and apportion common benefit attorneys' fees and, absent fraud or gross misconduct, the decisions of the Special Master shall be final, binding, and not appealable. For the avoidance of doubt, nothing in this section requires the recovery by LPLG-Counsel of money in excess of their fee agreements if LPLG-Counsel receive payments from a national attorneys' fees fund or otherwise not directly from the LG Recovery Fund. In the event that a common benefit fee is assessed against a county PLG not represented by LPLG-

Counsel, the Special Master is directed to notify the Settlement Administrator of any such assessment.

EXHIBIT A-3 TO ILLINOIS OPIOID ALLOCATION AGREEMENT
BACK-STOP AGREEMENT

At the request of [LPLG], the [LPLG], its counsel [COUNSEL], and the Attorney General are entering into this Backstop Agreement (Backstop Agreement).

The Parties acknowledge that this Agreement will apply to all National Multistate Opioid Settlement agreements which establish a multistate fund for the payment of attorney's fees and expenses (a "Multistate Contingency Fee Fund") but that payments to LPLG-Counsel from such funds will not be sufficient to pay the entirety of the fees and expenses incurred by contingency-fee counsel who have been retained by LPLGs. Therefore, consistent with Exhibit R, section I(R) of the National Multistate Opioid Settlement agreement entered into between three pharmaceutical distributors, namely, McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation (the "Distributor Settlement Agreement"), the Parties agree to this Backstop Agreement.

Pursuant to this Backstop Agreement, [LPLG] may, subject to the limitations of any National Multistate Opioid Settlement, as well as any other limitations imposed by law, use funds that it receives from a National Multistate Opioid Settlement to pay a contingent fee to [COUNSEL]. Any such payment from [LPLG] to [COUNSEL], together with any contingency fees that [COUNSEL] may receive from the Multistate Contingency Fee Fund, will not exceed a total contingency fee of [PERCENTAGE NOT TO EXCEED 25%] of the total gross recovery of [LPLG] from the LG Recovery Fund in a National Multistate Opioid Settlement.

[COUNSEL] certify that they first sought fees and costs from the Multistate Contingency Fee Fund before seeking or accepting payment under this backstop agreement. [COUNSEL] further certify that they are not seeking and will not accept payment under this Backstop Agreement of any litigation fees or costs that have been reimbursed through prior settlements or judgments.

The Attorney General is executing this agreement solely because the definition of "State Backstop Agreement" in Exhibit R of the Distributor Settlement Agreement requires such agreements to be between "a Settling State" and private counsel for a participating subdivision. Neither the Attorney General nor the State of Illinois have any obligations under this Backstop Agreement, and this Backstop Agreement does not require the payment of any state funds to [LPLG], [COUNSEL], or any other party.

7/10/2024

Dear Tazewell County Board,

Habitat for Humanity was granted 100k towards the demolition of the former "East Peoria Gardens" on Springfield Road in order for us to build a small Veteran Community. We were working with the City of East Peoria and they had committed to giving us the property. The property had set vacant for over 15 years and had numerous liens. The City of East Peoria had planned to Quit Claim the property to Habitat in September of 2023. This did not happen. Someone made arrangements to pay the back taxes and the liens on the property. Habitat was relying on the City of East Peoria for this property deed. It was our understanding it was being handled so we did not take further steps to obtain the land. This has left Habitat in a position to find another property.

We had several lots and a large area of land donated to us in Pekin, Illinois. There is a home that is located at 1800 American Street that needs to be demolished. There is also a vacant home at 1814 that we can refurbish for a veteran. The home needs a great deal of work but has a good foundation and should not be torn down. Without the funding, we will not be able to restore this home. We could eventually build a new Habitat home where 1800 American stands now.

If you would allow us to keep the 100k grant, we would demolish the home that should be torn down, which will cost approximately 14k. We would use the remaining funds to remodel the home at American. We have a crew of volunteers ready to work! We would replace the roof, replace the insulation, rewire, and replace the plumbing. The home would get a new exterior, windows, landscaping and we would add a garage. The interior would be completely remodeled. It is a three bedroom home and would make a nice and affordable home for a veteran family.

We humbly request that you allow us to keep the grant that we were awarded. Habitat will turn a bad situation into something good.

Thank you for your consideration.

Sincerely,

Lea Anne Schmidgall

RECITALS

WHEREAS, the Employer has an existing employee contract with the Employee which had a starting effective of May 16, 2022; and

WHEREAS, the Employer is entering into a revised employment contract with Employee on July 31, 2024; and,

WHEREAS, the effective dates of said contract are to be July 31, 2024 through November 30, 2025; and,

NOW, THEREFORE, in consideration of the promises hereinafter exchanged, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties agree as follows:

(1) **Period of Employment.** This Agreement shall be in full force and effect until November 30, 2025, unless it is terminated earlier pursuant to the provisions of paragraph (8), (16) or (18) of this Agreement.

(2) **Employee Duties.** During the period of employment herein described, Employee shall perform the duties of County Administrator as set forth by law, including but not limited to the laws of the State of Illinois, all rules and ordinances of the County Board, the County Administrator's job description, and such other duties as the Tazewell County Board or County Board Chairman may lawfully assign to Employee. In so doing, Employee shall comply with all such laws.

All vacation leave earned prior to the effective date of this Agreement shall remain intact. Any vacation leave accrued under the terms hereof and remaining unused, at the termination of this Agreement will be paid

in cash to Employee at such time in an amount equal to the number of hours of such unused vacation leave multiplied by the Employee's then current hourly rate of pay.

(7) **Sick Leave.** Employee shall receive the same sick leave benefits provided under the Tazewell County Personnel Policy, and all benefits earned prior to the effective date of this Agreement shall remain intact.

(8) **Disability Termination.** Notwithstanding anything in this Agreement to the contrary, the Employer is hereby given the option to terminate this Agreement in the event Employee shall, during the term hereof, become permanently disabled as the term permanently disabled is hereinafter fixed and defined. Such option shall be exercised by the Employer giving notice to Employee by registered mail, addressed to him in care of the Employee at his current residence, or at such other address as Employee shall designate in writing. On the giving of such notice, this Agreement shall cease on the last day of the month in which the notice is so mailed, with the same force and effect as if such last day of the month were originally herein set forth as the termination date hereof.

For the purpose of this Agreement, Employee shall be deemed to have become permanently disabled, if, during any year of the term hereof, because of ill health, physical or mental disability, or for other causes beyond his control he shall have been continuously unable or unwilling or shall have failed to perform his duties for a total period of sixty (60) days, irrespective of whether or not such days are consecutive, beyond the sick leave time and vacation time accrued. For the purpose hereof, the term "any year of the term hereof" is defined to mean any twelve (12) calendar months period commencing December 1 and terminating November 30, during the terms of this Agreement. If Employee becomes permanently disabled then the Employer shall have no obligation to Employee for the severance payment as described in paragraph 16.

(9) **Automobile.** Employee shall provide his own automobile. Employee is solely responsible for all costs and expenses associated with such automobile, including but not limited to purchase, maintenance, insurance, license, registration, fines and fees. Such reimbursement is limited to the amount budgeted by the County Board in the administrator Expenses line item.

The Employer will provide Employee with a laptop computer and cell phone, or a mobile phone reimbursement per the Employer's policy at the Employee's discretion, to be used in performing his duties for Employer according to the same policies applicable to other County Employees.

(11) **Group Medical Insurance Benefits.** The Employer shall offer employee health, hospitalization, dental, and optical coverage in accordance with the County Personnel Policy. The employer will make dependent coverage available in accordance with the Personnel Policy. The Employer waives any waiting period for enrollment.

Employee shall not engage in any activity for which he receives compensation without prior approval of the County Board Chairman. Employee agrees that he shall not engage in any outside activity which may create an actual or perceived conflict of interest. Employee also agrees to arrange the outside

activity so as not to intrude upon Employee's ability to devote his full-time and attention to Employer's affairs. Employee shall sign a statement of no conflict of interest and file a copy with the County Clerk when engaging in outside activities for compensation. All work shall be conducted during evenings and weekends unless the Employee is authorized to use personal or vacation time by the County Board Chairman.

(15) **Holidays.** Employee shall receive the same paid holidays as are afforded to other County Employees.

(16) **Termination by the Employer.** Employer may terminate this Agreement at any time by a two-thirds vote of the County Board in favor of termination. It is understood and agreed by the parties that Employee shall be an employee "at will" and may be dismissed without cause. The termination of Employee is so specified in the Title 1, Chapter 3 of the Tazewell County Code, Sec. 5.

(17) **Severance Pay.** In the event the Employer terminates this Agreement and Employee's employment under paragraph (16), the Employer agrees to pay Employee twenty weeks severance pay in a single lump sum payment. Said Payment shall be calculated by dividing the Employee's then current annual salary. Any amounts required to be deducted such as Federal Income Tax, FICA, State Income Tax, and IMRF shall be subtracted from the lump sum payment. Employee shall also be compensated for unused vacation leave in accordance with paragraph (6). Employee agrees to accept these payments as liquidated damages in full satisfaction of any rights, compensation, or other benefits Employee may have under the terms of this Agreement or otherwise. **For a period of four months following the date of termination, the Employer shall pay one hundred percent (100%) of the premium costs to continue group medical insurance benefits for the Employee and dependents as provided in paragraph (11).**

In the event Employee is terminated after being formally charged in a court of competent jurisdiction with any criminal violation committed in his official capacity or evidencing dishonesty and the Employer finds that Employee more likely than not

committed such offense then the Employer shall have no obligation to Employee for the severance payment described in this paragraph.

In the event Employee is terminated after being found guilty by a court of competent jurisdiction of any criminal violation committed in his official capacity or evidencing dishonesty, or admits to committing any unlawful act involving personal gain to him, the Employer shall have no obligation to Employee for the severance payment described in this paragraph.

In the event the Employee fails to comply with paragraph (14) of this Agreement, the Employer may choose to terminate this Agreement and shall have no obligation to Employee for the severance payment as described in this paragraph.

In the event the Employer decides not to renew or extend this Agreement, the Employer shall have no obligation to pay Employee severance pay as described in this section.

(18) **Termination by Employee.** Employee may terminate this Agreement at any time by giving forty-five (45) days written notice to the County Board Chairman and acceptance by the County Board of such termination.

(19) **Eligibility for Benefits Afforded Other County Employees.** Except for the benefit categories indicated in previous paragraphs of this Agreement, Employee shall receive the same employment benefits as are provided to other County Employees.

(20) **Renewal.** The Employer and Employee may meet to discuss the renewal of this Agreement at any time during its term.

(21) **Amendments.** All amendments of this Agreement are invalid and ineffective unless reduced to writing and signed by all parties.

(22) **Indemnification.** Unless otherwise prohibited by applicable law, Employer shall defend, save harmless, and indemnify Employee against any tort, professional liability claim or demand or other legal action, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of Employee's duties as County Administrator or resulting from the exercise of judgment or discretion in connection with the performance of official duties or responsibilities,

unless the act or omission involved willful, wanton, or intentional conduct. Legal representation, provided by Employer for Employee, shall extend until a final determination of the legal action is made, including any appeals brought by either party. Employer shall indemnify employee against any and all losses, damages, judgments, interest, settlements, fines, court costs, and other reasonable costs and expenses of legal proceedings including attorney fees, and any other liabilities incurred by, imposed upon, or suffered by such Employee in connection with or resulting from any claim, action, suit, or proceeding, actual or threatened, arising out of or in connection with the performance of his duties, provided such claim or claims does not arise out of a claim for intentional conduct and shall not include punitive damages. Any settlement of any claim must be made with prior approval of Employer in order for indemnification, as proved in this Section, to be available. Employee recognizes that Employer shall have the right to compromise or settle any claim or suit; unless, said compromise or settlement is of a personal nature to Employee. Further, Employer agrees to pay all reasonable litigation expenses of Employee throughout the pendency of any litigation to which the Employee is a party, witness or advisor to the Employer. Such expense payments shall continue beyond Employee's service to the Employer as long as litigation is pending. Further, Employer agrees to pay Employee only reasonable travel expenses when Employee serves as a party or witness of Employer regarding pending litigation. Failure of Employee to immediately notify Employer of any claim, or legitimate threat, of legal consequence known to Employee, where the potential claim is against either Employee or Employer, may preclude Employee or the claimant from any future monetary payment by the Employer due to the claim and Employee may not bind Employer for settlement of any such claims where notice to Employer was concealed. The parties acknowledge that this indemnification provision does not extend to any contract dispute between Employer and Employee.

(23) **This Agreement.** This Agreement shall be binding upon each of the parties and their respective successors, assigns, and heirs as the case may be. Employee shall not assign any of the personal services to be rendered by the

employee under this Agreement. Any such assignment shall constitute employee's written notice of resignation.

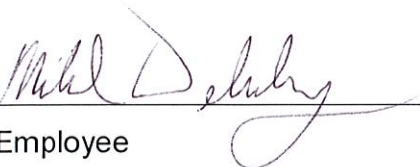

Adopted this 31st day of July, 2024.
